

#### Designing for a Paradigm change

We are an International Consultancy, specializing in

- Research
- Design
- Strategy

Focus on publishing, telecom and health

UX alliance <u>qlobal</u> <u>services</u>

# UX Design increases the success of

## Service innovation

& change in paradigms

# "Innovation is about social applications of interventions, not about the interventions themselves."

— Bruce Nussbaum

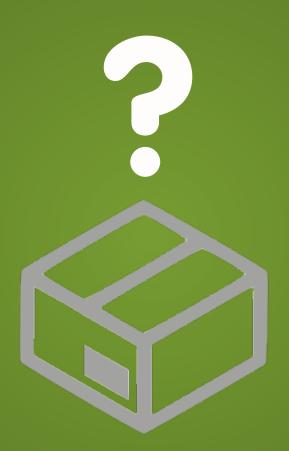

## Par°a°digm

One that serves as a pattern or model

"Digital channels of communication are not just an alternative to traditional paperwork and letters; they should replace them."

— The Danish Government

A national mail enterprise owned by the state of Finland.

A network of over 400 parcel terminals in Finland and Estonia since launching in 2011.

#### "This is only the beginning"

— Aku Happo, e-commerce manager, Itella

10-13%

Overall growth of e-commerce per year in Finland.

# UX Design to increase the use of

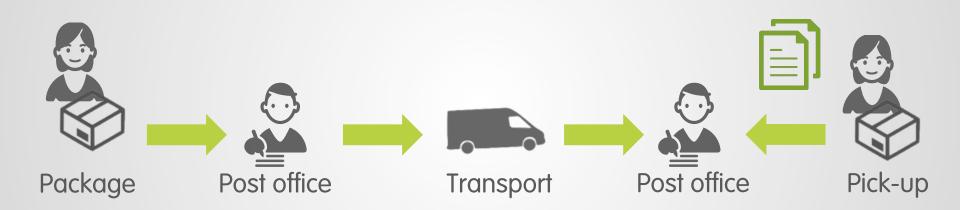

## Parcel terminals

& create a change in a paradigm

#### First of all:

## UNDERSTAND THE CUSTOMER JOURNEY

#### Previous customer journey

#### New customer journey

#### New customer journey

#### Then:

## UNDERSTAND THE DETAILS OF THE CUSTOMER JOURNEY

#### **DELIVERY**

# Post office Terminal

#### PRICING

#### IDENTIFICATION

# Name Phone number

#### **UX Design**

- Itella: Introducing the service to the customers
- Task I: Parcel terminal UI development
- Task II: E-commerce website development

#### **Pakettiautomaatti**
